

Lake Street Ambassadors

Support Your Lake Street Ambassadors by:

- When their bags are full, they need a place to dispose of the trash they've removed from your street and sidewalks. Please let them use your dumpsters.
- The summer gets hot and they need to stay hydrated. A glass or bottle of water when you see them is most appreciated.

The purpose of the Ambassadors Program is to build an enthusiastic and knowledgeable group of Lake Street area youth who provide area clean-up and Lake Street area information during the summer months.
